

COTTAGE LAKE BEACH CLUB

# NEIGHBORHOOD NEWS

## HALLOWEEN - COVID STYLE

Due to the current pandemic, we may see fewer Halloween trick-or-treaters, but we most likely will have a few. You are encouraged to go "all out" on decorations so we can make our neighborhood a great drive-through pre-Halloween destination for those who won't be doing any trick-or-treating.

For those who still will be handing out candy, we suggest you come up with creative ways to keep social distance from the kids, such as setting up a table with treats or using a candy chute. Just do an internet search for "candy chute" or "candy slide." Let's make it both fun AND safe!

## PAINTED ROCKS

Have you found painted rocks around the neighborhood? A few kids have been painting rocks and hiding them around the neighborhood. If you find one, keep it or hide it again for someone else to find. Have kids at home? Create your own inspirational rocks and hide them for someone else to find!

## NEW SIGNAGE

A huge thank you to everyone who came out and helped revitalize and repaint our entrance signs. They look great! Keep an eye on the Facebook Group to help plant some greenery for the Flood Road entrance.

## PARK SAFETY

There have been a number of safety issues with our neighborhood park this summer. We've had people jumping the fence, leaving the gate propped open, unattended minors, and teens throwing items off the dock and deck. Please visit the CLBC Neighborhood website at [cottagelakebeachclub.org](http://cottagelakebeachclub.org) and review The Park Rules. If you see non-CLBC residents or prohibited behavior, contact a Board Member or call the non-emergency Woodinville Police line at (206) 296-3311.

## PARK ORGANIZATION

The park has a good number of items left behind from people enjoying the lake this season. Please take a moment to ensure you didn't leave anything at the lake (towels, life vests, toys). In addition, if you keep paddleboards or boats at the lake, they should be removed and kept on your property. This should be done no later than October 31st for the rainy season. They may be returned in the Spring and set along the fence line, as long as they do not block the boat access to the lake

## TOXIC ALGAE LEVELS

Cottage Lake currently has toxic levels of algae. Be safe and keep your animals and children out of the water until it clears.

## CABANA RESERVATIONS & PARK KEYS

Reserve the park cabana for your special occasions by visiting the CLBC website at: [cottagelakebeachclub.org/the-park/](http://cottagelakebeachclub.org/the-park/)
